The Related Group, Fortune International Group and The Fairwinds Group are pleased to announce that Auberge Beach Residences & Spa Fort Lauderdale is now complete. The North Tower is sold out, and closings are well underway at the 114 unit, 22-story South Tower. The two towers are the only on-the-sand luxury residences in Fort Lauderdale with 450 linear feet of beachfront access to the Atlantic Ocean. Interiors by the renowned design firm Meyer Davis blend rich textures with organic materials to create an elevated urban beach escape. Amenities open to the public are DUNE, a sweeping indoor/outdoor restaurant, and The Spa at Auberge Beach. Complementing the extraordinary spa is an extensive state-of-the-art fitness center and movement studio exclusively for residents. For additional information, visit www.aubergebeach.com. **M**

RIGHT: Designed by landscape architect Enzo Enea, the luxurious and pristine pool deck invites residents and their guests to enjoy the fabulous weather and the outstanding water views on this on-the-sand development.
