Perfection on the bay: Modern dream home is in Coconut Grove

Views of Biscayne Bay abound from this stunning dream home in Coconut Grove. Flawless from floor to ceiling, the sleek amenity-rich offering at 2821 South Bayshore Dr., No. 16D, is priced at \$4,100,000 and located in Two Park Grove — one of the neighborhood's newest and most sought-after luxury waterfront condominiums.

Inside, magazine-quality details abound, affording this 2,917-square-

foot, three-bedroom, three-and-a-half-bath corner residence all of the features and top-of-the-line finishes of a contemporary Manhattan pied-à-terre. A private elevator foyer opens to large living areas, complemented by marble floors, 12-foot ceilings and wide expanses of floor-to-ceiling windows. The open-style kitchen has been outfitted with a center island, Wolf and Sub-Zero appliances, custom Italian cabinetry and marble countertops. Outside, on the 439-square-foot wrap-around terrace — with a front-row seat to sunrises and sunsets on the bay — entertaining is a must.

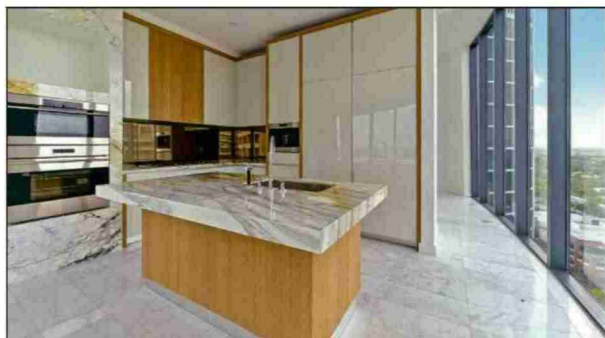

Designed by award-

winning architect Rem Koolhaas, with landscaping by renowned architect Enzo Enea. Two Park Grove is marked by world-class services and a multitude of indoor-outdoor living experiences, including a poolside restaurant by Michael Schwartz, 500 feet of bayfront pools, a full-service bar, poolside cabanas with towel and dining services, fitness center, children's play areas and a private theater. There is also a wine tasting room and wine storage, butler service, a signature spa, bio sauna, 24-hour doorman and a concierge.
